1. This is a system-generated receipt and does not require a signature.
2. The date and time recorded in Part A above is the date and time at which the communication was placed in the registered account of the taxpayer on the e-filing portal. Where a communication is also transmitted to the registered e-mail address, the time of transmission to that address may differ.
3. Where more than one communication is issued in a proceeding on or about the same date, the subject line and the attachment name recorded in Part C above are the only descriptive particulars retained by the portal. Taxpayers are advised to reconcile this receipt against the Document Identification Number appearing on the communication actually received before relying on this receipt as evidence of the service of any particular communication.
4. A copy of every communication issued in a proceeding is available under the 'e-Proceedings' tab of the registered account of the taxpayer.
